About Me

Motivated Frontend Developer currently studying at Beni Suef University. Passionate about building modern, user-friendly web applications. I always seek to learn new technologies and improve my skills. I have developed several real-world projects using React and Next.js, demonstrating a strong understanding of UI/UX, responsiveness, and web architecture.

Education

Faculty of Computers and Artificial Intelligence, Beni Suef University

B.Sc. in Computer Science – Expected Graduation: 2026

Experience

Still Studying

Actively working on personal and freelance projects to gain practical experience in frontend development.

Projects

E-Commerce Website – Next.js, Tailwind CSS

[View Project](#)

Store App – Login system built with Next.js and Tailwind

[View Project](#)

Firebase Auth App – React + Firebase Authentication

[View Project](#)
